

# Introducing the

# ECONOMY SNOW PUSHER

from Bonnell Industries

## Lightweight. Durable. Affordable.

Bonnell Industries is proud to introduce the newest addition to our line of snow removal equipment. The Economy Snow Pusher provides a lightweight, yet durable alternative for box plows. Made with the same quality engineering as all of our

products, the ESP was designed to take weight out of the plow, increasing your payload, and giving you the strength needed to push the heaviest snow. Our ESP is constructed with a 3/16" moldboard and 1/4" endplates.

### Standard Features

- Lightweight and Durable
  - Fabricated from 3/16" and 1/4" plate.
- Built in skid steer adapter
- Available sizes:
  - 8' x 36" 650 lbs.
  - 10' x 36" 750 lbs.
- Endplates 1/4"
- Boxed bottom 3/16" formed angle

- Adjustable 3/4" thick AR400 wear shoes
- Double row cutting edge bolt holes for steel or rubber edge (standard)
- Sandblasted, primed and painted

### Optional Equipment

- Hookup adapters
  - skid steer standard
  - Forklift Pockets
